About Transforming Hearts

As we set out on the journey that the new decade will bring, we're declaring 2020 a Year of Transformation! Our luncheon theme this year, Transforming Hearts, recognizes that each of us carries great potential to transform our communities, businesses, institutions, and the world around us to better reflect our vision of a just, vibrant, multifaceted society of equals. The time has come for us to transform ourselves into the thinkers, doers, neighbors, helpers, givers, lovers, & leaders we need to be to make that vision real.

At this year's luncheon, we will hear from some of those transformational leaders propelling us in this powerful work. Respected community leaders will share success stories of investing in the power of people in order to build goodness. We will be inspired by the great business, civic and faith leaders among us putting goodness into action where they are with what they have.
